Profile

To be a part of an organization where I can get a chance to learn new things, which helps to increase my growth and which leads to the organizational growth.

Projects

Portfolio ⧉
Created a responsive portfolio website using the concepts of html,css, javascript and listed it on online so that everyone can see that.

Python Based Feature Detection Of Manufacturing Parts
To detect the features like shape and size of the object by using python programming language. Here I have used a library called OpenCV with python.

Food delivery app ⧉
Created a fully responsive food delivery website by using html and css only.
